Ca'apiti Red-Eyes   **39pt**

Leap
This skill can be used during a walk, run or charge, in order to leap over obstacles and miniatures of size 3 or less. This is not additional movement. The distance of the leap can't be greater than the miniature's Walk value. Moreover, a miniature with Leap can attack miniatures that it can't see at the beginning of its movement. It can't finish its movement on blocking terrain.

Toxic Frogs
At the beginning of his activation, Ca'apiti can lick a frog and choose one of the following effects, which last until he licks another frog.
Bullfrog: Ca'apiti gains Tough/+1;
Golden Toad: Ca'apiti gains Ranger and Reflex +2;
Black Tree Frog: Ca'apiti gains COM +1 and DAM +1.
